Good Afternoon Gary,

My name is **Lyndsy Cushman**, and I'm the CEO & Founder of **Trusthouse Inc.** I was given your contact information by **Aaron Eklund**, a veteran who recently attended one of our **Horses & Heroes** events and spoke very highly of your leadership and work with **Brunswick County Veterans**.

Trusthouse Inc. is a veteran-focused nonprofit dedicated to creating **ADA-accessible tiny-home communities** that support independence, dignity, and long-term stability for veterans. Our vision goes beyond housing—we are building communities designed to include:

- **ADA-compliant tiny homes** that provide safe, private, and stable housing
- **On-site mental health and outpatient rehab services** to reduce barriers to care
- **Employment opportunities**, including a community grocery store and on-site roles
- **Community gathering spaces** that promote connection, healing, and peer support
- Ongoing **veteran outreach**, including Horses & Heroes events, facility visits, and community engagement

We are currently at a critical stage in our growth. **Trusthouse is actively seeking approximately 20 acres of land** to build our first community. We have **renderings completed, developers engaged, and land planners involved**—what we need now is land and the community support to help move this vision forward. Alongside land opportunities, we are also seeking **donations and partnerships** to help fund the next phase of development.

In addition to our long-term development efforts, Trusthouse remains actively involved in the community—spending time with veterans in local facilities, hosting monthly gatherings, and working closely with veteran organizations and local businesses to ensure veterans feel supported today while we build for tomorrow.

We are also in the early planning stages of a **Trusthouse Gala**, tentatively scheduled for **late February or early March**, to raise funds and awareness for our veteran community initiatives. We would truly value any involvement or guidance Brunswick County Veterans may be willing to offer—whether through participation, collaboration, sponsorship, attendance, or helping us bring more of the veteran community together.

If you are open to it, I would welcome the opportunity to connect by phone or in person to introduce Trusthouse more fully and explore how we might work together to better serve veterans across Brunswick County.

Thank you for your service and for your continued dedication to our veteran community. I look forward to connecting with you.

Warm regards,
Lyndsy Cushman
